CFL Triple Tube 1 x 18 W max. or
GU24 to G24q2 adapter included

LED A19 1 x 15 W max.

120 or 277V

WEIGHT

Net Weight 2,2 Lb

Gross Weight 7,7 Lb

CAUTION / PRECAUCIÓN

Before assembly and installing this product, carefully read the following:
Dry location only. This lamp is for indoor use only.
Bulb not included.

Important. Turn off the mains before installing the lamp.

Antes de montar e instalar este producto lea atentamente lo siguiente:

Ubicar en lugares secos. Luminaria para uso exclusivo en interior.

Bombilla no incluida.

Importante. Desconectar la red eléctrica antes de instalar la luminaria.

ASSEMBLY INSTRUCTIONS

1.

1. The canopy is made up of a back plate with the electrical connections on it and a semi spherical cover. Feed the electrical wires (C) from the mains through the electrical back plate (B), fix back plate to the junction box (A) with the most adequate screws (D) (not supplied) and prepare to wire up.

2.

2. Adjust the height of your lamp by raising or lowering the stainless steel adjustment cable (E) and cut off the excess.

3.

3. CONNECTION

Turn off the mains before installing the lamp

Connect the lamp to the mains as follows

You should have a three wire cable coming from the mains, **N**, **L** and **GND** (⏏). Connect these to the cables of the same colour coming from the lamp.

ASSEMBLY INSTRUCTIONS

4. Tighten the screw on the electrical cable trap. (F)

Once all your wiring is complete raise the canopy and screw on the canopy support nut (G) that holds the cover in place.

5. Put on the cable clip (H) and clip it to the electrical cable.

6. Shade mount.

7. Install the bulb.

8. Turn on the mains again.

GENERAL CARE INSTRUCTIONS / INSTRUCCIONES DE CUIDADO

REV.07-2017

D88_074

Use and care of your lamp.

You have just purchased an original handmade product by LZF. Your lamp is made out FSC® certified natural wood veneer treated with our patented finish, Timberlite®. This treatment both protects and safeguards the wood veneer against breakages.

Depending on the type of lamp use a feather duster, soft cleaning cloth or damp cloth for cleaning. On our more delicate shades, like those made from wood strips, a feather duster or an air blower is preferable. In our more solid shades a damp cloth may be used.

Clean only the flat surface of the veneer with the cloth, and please avoid any moisture contact along the edge of the veneer.

Acrylic Diffusers

The acrylic diffusers on your lamp can be cleaned with a regular window cleaning spray and a soft cloth. Do not use solvents of any kind.

Bulbs

Bulbs not included, unless indicated. We recommend using energy-saving light bulbs, like the CFL or LED bulbs. Please refer to the instruction manual or visit our website www.lzf-lamps.com to make sure you are using the best bulb for your type of lamp.

Precautions

Luminaire for indoor use only.

Avoid direct sunlight, strong indirect sunlight and moisture on your lamp. Unplug the lamp before cleaning or changing the light bulb.

Servicing or manipulation of the electrical installation should only be performed by qualified electrical personnel or by the LZF service department.
