FIXTURE SPECIFICATIONS

INTENDED USE

The recessed light with die-formed and welded 22-gauge cold-rolled steel provides architectural-grade linear lighting for today's residential and commercial or hospitality interior space. Our slim modern product emits light with strong performance and versatility in a variety of settings, including offices, classrooms, conference rooms, museums, retail outlets, restaurants and hotels. Featuring a customizable design, this fixture is available in standard lengths of 4' and 8,' and can be joined in seamless runs. Glare-free snap-in lens included.
