## INTENDED USE

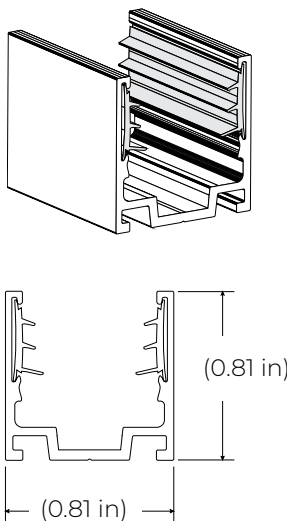

The Mounting Channel for Flexible Linear LED Strips offers a streamlined solution for integrating linear lighting into architectural environments. Designed to support flexible LED strips in, walls, millwork, and curved surfaces, it ensures clean lines of light and precise fixture alignment. Its durable aluminum and PVC construction maintains thermal stability and visual continuity across indoor, outdoor, and wet-location applications. Ideal for commercial, hospitality, and residential projects, the channel provides a versatile foundation for modern, continuous illumination.

## 2" SELF-LOCKING ALUMINUM CHANNEL (2AC)

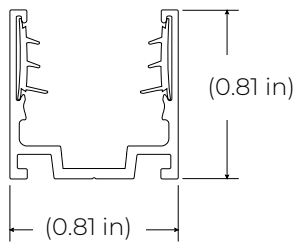

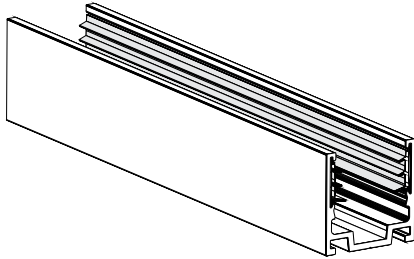

## FEATURES

**Material:** Extruded Aluminum  
**Length:** 2"  
**Mounting:** Surface, Self-Locking Clip  
**Dimensions:** 0.81" W × 0.81" H  
**Finish:** Natural Aluminum  
**Suitable For:** Compact installations, corners, and short linear sections

**Notes:** Eliminates adhesive use; ideal for precision mounting in limited spaces.

### 39" SELF-LOCKING ALUMINUM CHANNEL (39AC)

#### FEATURES

**Material:** Extruded Aluminum

**Length:** 39"

**Mounting:** Surface, Self-Locking Clip

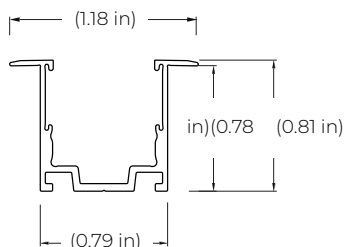

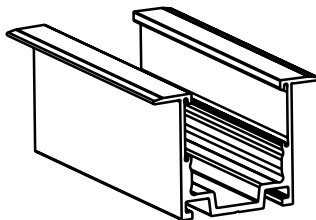

**Dimensions:** 0.81" W × 0.81" H

**Finish:** Natural Aluminum

**Suitable For:** Continuous surface-mounted runs and clean linear alignments

**Notes:** Maintains fixture alignment and thermal dissipation; no adhesive required.

### 39" RECESSED ALUMINUM CHANNEL (39RC)

#### FEATURES

**Material:** Extruded Aluminum

**Length:** 39"

**Mounting:** Recessed

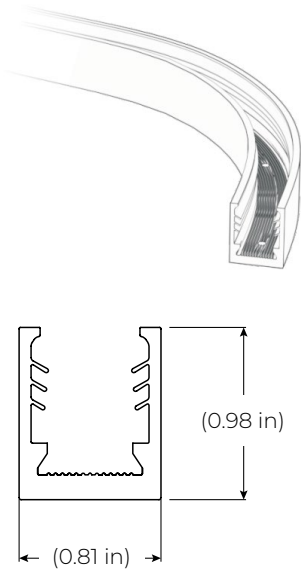

**Dimensions:** 0.81" W × 0.81" H

**Finish:** Natural Aluminum

**Suitable For:** Flush integration in ceilings, walls, and millwork

**Notes:** Creates smooth, glare-free light lines for architectural environments.

39" FLEXIBLE MOUNTING CHANNEL WHITE/BLACK (39FCW/39FCB)

FEATURES

- Material: Flexible PVC
- Length: 39"
- Mounting: Surface
- Dimensions: 0.98 in W × 0.81 in H
- Finish: White, Black
- Suitable For: Curved or contoured surfaces; supports horizontal and vertical bending
- Notes: Maintains waterproof integrity of compatible fixtures; suitable for indoor or outdoor use. Minimum bend radius 12".

ORDERING INFORMATION Example:

| Model |                            |
|-------|----------------------------|
| 2AC   | 2" Aluminum Clips          |
| 39AC  | 39" Aluminum Channel       |
| 39RC  | 39" Recessed Channel       |
| 39FCW | 39" Flexible Channel White |
| 39FCB | 39" Flexible Channel Black |

Channels and accessories sold separately.  
Review installation requirements before specifying mounting type.
