

Project Name: _____ Type: _____ Quantity: _____

INTENDED USE

Our architectural LED product offers practical, ambient lighting to exterior and interior walls, stairwells and decks. The fiberglass, 120 to 277 voltage fixture with tempered, heat-resistant, frosted glass improves visibility. Yet it also casts an inviting glow in residential or commercial spaces. The steplight, which comes with various color temperatures from 3,000 Kelvin soft white to 6,500 Kelvin daylight, can also be used to enhance a landscape, illuminate a deck and strengthen security with bright lighting for an exterior staircase. This product is rated for wet locations.

FEATURES

- Voltage:** 84-264V
- Construction:** Fiberglass
- Lens:** Tempered Frosted Glass
- Warranty:** 1 Year Carefree for Parts & Components (Labor Not Included)
- Listing:** ETL Approved for Wet Location
