#### Description

Deco's Evian Tube LED system series suspended direct LED luminaire serves as a connector to the Evian tube system. The combination of the variable and fixed angle connector allow for flexible lighting solutions in architecturally constrained spaces. The versatile Evian Tube LED series is best suited for open offices, private offices, conference rooms, reception areas, educational facilities and architecturally constrained spaces.

#### EVIAT-LED

#### Features

- Construction**  
Aluminum profile frame with central or lateral tubes in aluminum extrusion. End caps in ABS plastic.
- Reflectors**  
Inside reflectors made of 99.9% pure aluminum.
- Diffuser**  
Semitransparent linear prismatic PMMA diffuser.
- Mounting**  
Suspension system with coated steel wires and safety height adjustment system.  
Works with all kind of ceiling types.
- Electrical**  
Fixtures are prewired with quick wire connectors.
