Lutron Caseta Integration
5tep 1: Download the Lutron Caseta App
Step 2: Click "Set Up My System".
Step 3: In step 2 of 5, create a new account using the customer's primary email address and a temporary password.
Step 4: Follow instructions to complete setup of Caseta devices.
Step 5: Log in using the credentials you created in the Lutron App.
Step 6: Go back to the app, click "Sign In". Scroll down the page and click "Forgot your password".
Step 7: Setup is now complete! Your customer will receive instructions to reset their Caseta password through their email.

4) Log in using the created Caseta credentials

- 6) Go to the customer site and test that lights are working
- 7) Open Lutron Caseta app, log out and click "Sign In".
- 8) At the bottom of the page, click "Forgot your password". This will allow customers to reset the password to their account.
