Description

The Venture Lighting LED panel series of luminaires are low profile, lightweight, and designed for long life and low maintenance. These are designed to quickly and easily upgrade existing fluorescent fixtures. LED color consistency meets a 4-step MacAdam ellipse.

Construction

The high performance LED source is mounted to ensure proper thermal management of the system. The design allows for a cooler running LED chip which leads to longer lifetime, better efficacy, and color consistency.

Optics

The fixtures are designed to have low glare yet utilize high performance materials to maximize efficacy and achieve precise photometric distributions.

Electrical

The power supply has a range of 120-277V, 50/60 Hz. The high performance LED fixtures are rated up to 50,000 hours (L70). 0-10V DC dimming capability is standard. The fixture is rated for damp and dry locations.

Mounting

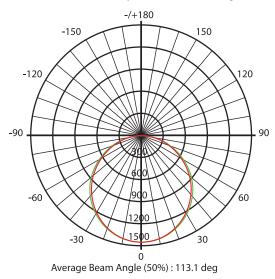

The fixture is designed for replacing fluorescent fixtures.
