

**FIXTURE SPECIFICATIONS**

**INTENDED USE**

With the ability to easily be installed over 12253 Circline LED fixtures in the field without the use of tools, our Acoustic Baffles are vertically oriented, closely-spaced felt baffles which increase overall sound absorption, while minimizing sprinkler system interference. Featuring an NRC(Noise Reduction Coefficient of 0.5, as well as an SAA(Sound Absorption Average) of 0.51.

**PRODUCT FAMILY**
