

INSTALLATION INSTRUCTIONS

WARNINGS

- This product must be installed in accordance with all applicable codes by a person familiar with the product.
- Each luminaire must be properly supported during install.
- DO NOT join fixtures on the floor prior to lifting, or damage will occur.

INSTALLATION INSTRUCTIONS

Step 1 - Mounting and Suspension

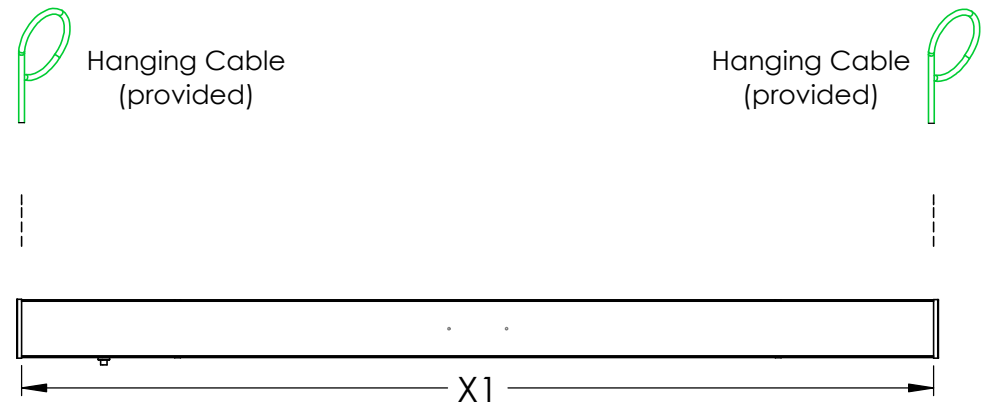

Mounting With Hanging Kit

- Install hanging kit on secure structure
- Ensure cables are installed at mounting locations
- Adjust cables to desired length

Suspension Locations

X = Suspension Dimensions

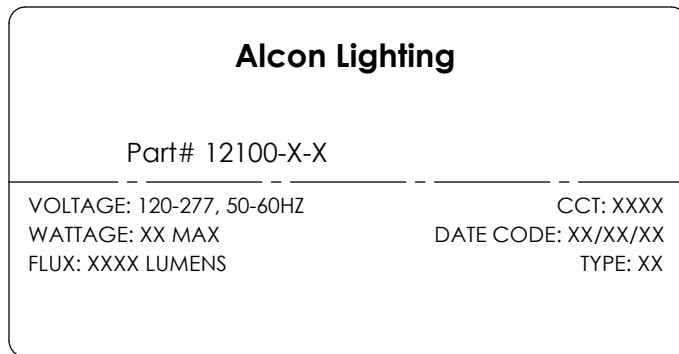

Refer to Assembly Drawings and building plans to determine exact mounting, suspension points, and power feed locations.

INSTALLATION INSTRUCTIONS

Step 2 - Identification and Preparation

A. Identify Fixtures

- Use labels found on the box and inside the fixture bodies to identify bodies.
- **NOTE:** Locations of labels can vary.
- Remove all fixtures from their boxes.
- Organize fixtures based on their labels at the install location.

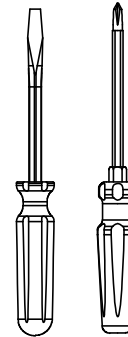

Kitted Hardware

- Items Provided are listed here. These items can be found in separate boxes shipped with the fixture.
- Ensure all parts are accounted for and set them aside until needed.
- Any additional hardware needed for this installation will be provided by others.

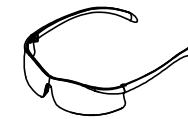

Pendant Mount Kit

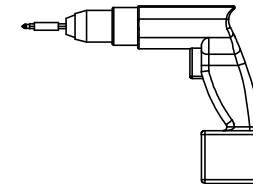

B. Tools Needed

Screwdrivers

Safety Glasses

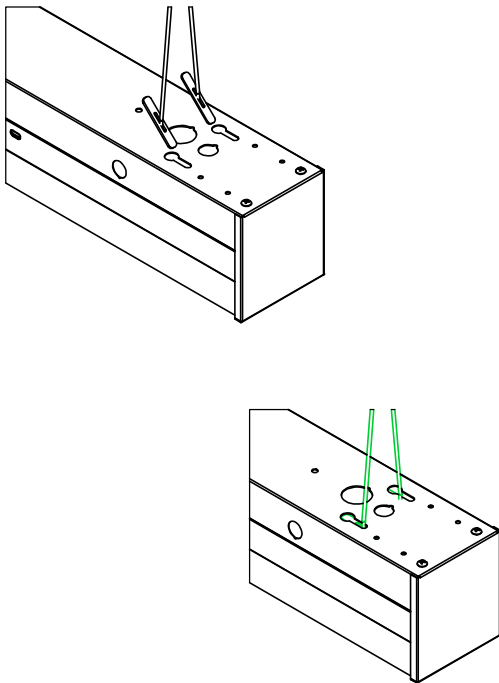

Drill
(optional)

- Always use proper safety equipment when installing fixtures.
- Tools shown are recommended for standard install. Tools needed may vary based on actual install location conditions.

INSTALLATION INSTRUCTIONS

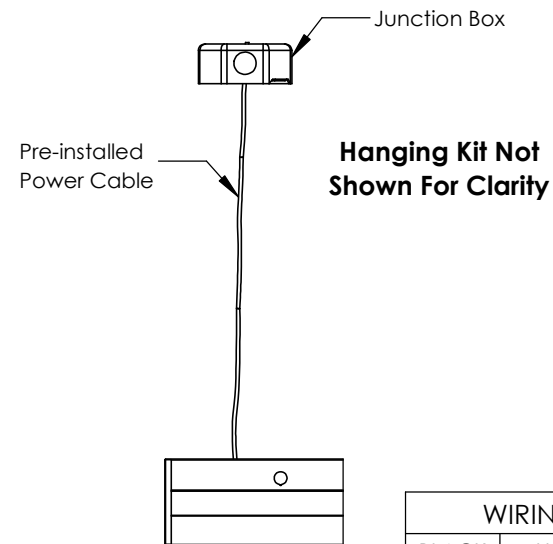

Step 3 - Mount the Fixture

A. Install Hanging Kits

- Install hanging kit on end with pre-installed power cable first.
- To install, rotate the paddles and insert into keyways of the fixture.

B. Connect Fixture Wiring

WIRING LEGEND		
BLACK	HOT	LINE VOLTAGE
WHITE	NEUTRAL	LINE VOLTAGE
GREEN	GROUND	
GRAY	DIMMING	0-10V DC
VIOLET	DIMMING	0-10V DC

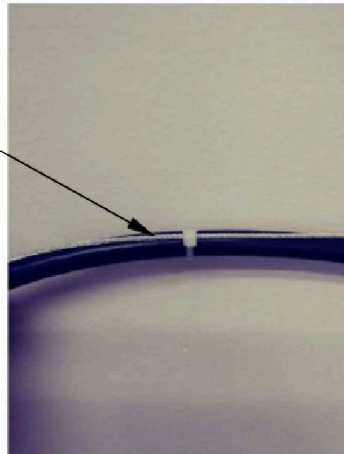

- This model comes with a pre-installed power cable and junction box.
- Wire the fixture to incoming power supply according to all local, state and national codes.
- Do not power the fixture until the next step is complete.

INSTALLATION INSTRUCTIONS

Step 4 - Power and Level the Fixture

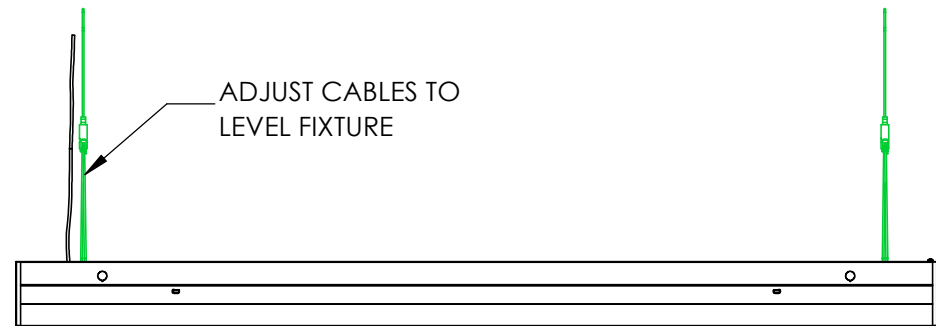

A. Secure the Power Cable

Secure Power Cable
To Pendant
Using Zip Ties

- Secure the power cable to the pendant cable using zip ties.
- Secure the power cable to the power feed canopy using the cable strain relief.

B. Level the Fixture

- Make final adjustments to cables, ensuring fixture is level.
- Fixture install is now complete.
