

Project Name: _____ Type: _____ Quantity: _____

INTENDED USE

For distinctively indirect downlighting, gain clarity in light for the restaurant, hotel, classroom, conference room, museum, retail outlet or office. Available in standard lengths of from 2' to 8', the product interlinks for seamless runs of any length. Glow emanates from a curved reflector on the inside of this architectural-grade LED light, providing reduced-glare indirect lighting to commercial, hospitality and residential interiors without overwhelming the space. Our product is proudly made in the United States of America.

FEATURES

Construction: Die-formed and welded 22-gauge cold-rolled steel
