FIXTURE SPECIFICATIONS

INTENDED USE

Designed for mounting on ceilings and other surfaces, our architectural-grade wraparound healthcare lighting product offers an economical, efficient and low-profile choice for doctor's or dental offices, hospitals and other medical facility applications. The fully enclosed linear ceiling surface or pendant light is finished with antimicrobial white paint to resist bacteria, rust and corrosion. The 12516-S or 12516-P downlight, die-formed and welded in 22-gauge cold rolled steel and assembled in America, yields diffused, moderate illumination.

FEATURES

Construction: Die-formed and welded 22-gauge cold rolled steel

Continuous Row: Steel end plates with 7/8" KO standard for continuous row mounting

Finish: White antimicrobial finish

Lens: Frosted acrylic lens

Voltage: 120-277V, 50/60 Hz

Ambient Operating Temperature: 22°F (-30°C) ~ 122°F (50°C)

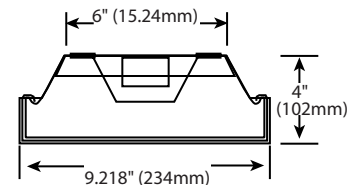

Life: 54,000 hours

Warranty: 5 year carefree for parts & components (Labor Not Included)

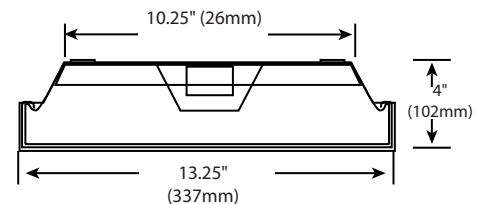

Listing: DLC, cULus, EM battery backup is CEC compliant, Damp location
