

Project Name: _____ Type: _____ Quantity: _____

INTENDED USE

This 2" LED lighting fixture telescopes from trimless housing with a capacity to tilt in rotation to showcase specific items. The trim is plastered into the ceiling. With no visible trim, the lights are tucked away, appearing as though they are built into the ceiling, offering a polished, premium look. Our recessed product suits remodeled or new construction installation. The round, cylindrical lighting is additionally designed to adhere to existing paneled ceilings (of any thickness) or sheet rock.

PRODUCT FAMILY

- 14121-DIR Trimless Round Direct
- 14121-ADJ Trimless Round Adjustable
- 14121-WW Trimless Round Wall Wash
- 14121-PL Trimless Round Pull Down
