

Project Name: _____ Type: _____ Quantity: _____

INTENDED USE

The stainless steel, multipurpose LED uplighting is made to last for residential and commercial use. Our architectural product includes an anti-moisture migration connection. The light's seal-tight waterproof enclosure and warm white color temperature also make this corrosion-resistant fixture perfect for proper landscape uplighting of pathways, trees and shrubs.

FEATURES

Construction: 316 Marine Grade Stainless Steel Face Plate. Injected molded composite housing for high UV stability.

Adjustability: Fixture socket tilts for $\pm 25^\circ$

Lens: Clear and heat resistant flat glass

Color Temperature: 2700K Warm White

Mounting: Mount in-ground direct burial or concrete encasement Voltage: 12V AC/DC Dimmable

CRI: 80

Ambient Temperature: -22°F to $+122^\circ\text{F}$

Lumens: 270 Lumens (3.5 Watts)

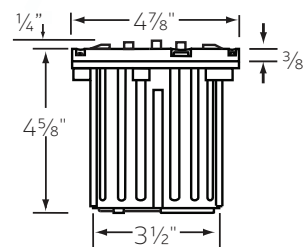

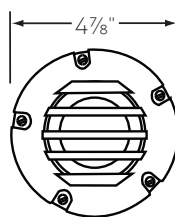

and 470 Lumens (5 Watts)

Warranty: Limited Lifetime Warranty on Fixture Stainless Steel face plate only.

10 year Warranty on Housing against manufacturer's defects; 5 year Warranty on LED

3' 18-2 SJTW Burial Cord comes standard.

Remote 12V transformer required, may be ordered separately.
